## GRAZING TABLES

### TABLESCAPE STYLES

**FLAT LAY** An elegantly designed single layer tablescape showcasing an abundance of delectable bites arranged directly on your table surface. Your graze is built overtop parchment paper, with all items disposable, making it the perfect option for a quick and easy clean-up post event. No mess, no fuss.

**LAYERED** A multilevel tablescape, designed with risers, pedestals and platters for added height and dimension. This is the ultimate event showstopper and our most popular grazing option. Our style combines the warmth of a natural Bohemian feel with a modern luxe look, adaptable to any atmosphere.

### FLAT LAY
